

February Membership Meeting

Topic

Cellphone Forensics:

Applications in Discovery and Investigations

Presented by Allison Young, Digital Forensic Examiner

Tuesday, February 4, 2020 - 6:00PM

ButtercuP Grill & Bar, 229 Broadway, Oakland, CA 94607

Cellphones represent one of the fastest-changing areas of legal practice. Mobile device evidence is more important than ever, thanks to the rapid evolution of the technology and the way this evidence is treated by the courts. Touching on important recent cases, technology developments, and ArcherHall's direct experience advising attorneys, this presentation provides up-to-date guidance on the application of cellphone forensics in litigation, investigations, and other legal matters.

This activity is approved by the State Bar for 1 hour of credit towards the Minimum Continuing Legal Education requirements.

\$30 per person

Includes dinner and MCLE
